Momenteel kent het ETAO vier van deze opleidingen nl. die voor:

— Kantoorpersoneel.
— Winkelpersoneel.
— Etaleur
— Serverend personeel.

Op Aruba zijn sinds enkele jaren de opleiding voor kantoor en die voor winkelpersoneel verwezenlijkt.
Het vakkenpakket voor de opleiding kantoorpersoneel ziet er momenteel als volgt uit;

— Kantoorpraktijk.
— Boekhouden.
— Typen.
— Nederlandse taal en corespondentie.
— Rechts en Wets kennis
— Persoonlijke Presentatie en Omgansvormen.

Onlangs heeft er een bespreking plaats gehad tussen vertegenwoordigers van de Vereniging voor handel, de inspectie van het onderwijs en vertegenwoordigers van de ETAO scholen i.v.m. dit vakkenpakket.
Het blijkt nl. nodig te zijn dat de opleiding kantoorpersoneel van de huidige 12 uur per week wordt uitgebreid tot een volledige dagcursus. Om de opleiding zo efficient mogelijk te maken is over een uitbreiding van het huidige vakkenpakket over overleg gepleegd tussen bovengenoemde instanties.
Er is reeds een aanvraag ingediend om de bestaande lessentabel te mogen uitbreiden met Engelse en Spaanse handelscorrespondentie en handelsrekenen, handelskennis en expressievakken.
De hoop bestaat dat met deze opleiding kantoor personeel nieuwe stijl m.i.v. het schooljaar 1977 - '78 gestart kan worden.

Why the name WARERO?

WARERO is a type of plant that abounds wherever cactus is found. It just loves to wrap itself around the cactus. Once it gets a hold on the cactus it becomes very strong like rope or hemp. Old timers of Aruba used the Warero for tying up various things. It is also popularly called: "Cadushi Rope".
Why the name for Revista C.B.B.??
Warero can be seen as a symbol of Communication: - The plant between the cactus — The Revista between the people. It also characterizes Unity: One plant may involve many cactusses,— The Revista should involve many people if it is to be effective. It also symbolizes Power, Strenght: if there is good communication and unified cooperation that can involve many people, then the Revista will have the strenght it needs to do an effective job. The explanation, given by Mr. Geerman comprises the aim which the C.B.B. tries to attain.

THE BOYS BRIGADE

In Brazil we have 42 boys in the Boys' Brigade. The B.B. is under direction of Mr. James Gibbs, Mr. Alfred Glasgow and Mrs. Leoníe Godet. We meet weekly on Wednesday at 5.30 p.m. at the Brazil Methodist Church. The boys have the opportunity for progress. Activities in the B.B. are as follows; sports, Christian Education, drill, and expeditions. The Boys have the opportunity in becoming leaders. The Board of Officers choose the boys with the most interest and best leadership to be trained for N.C.O.'s (Non-Commissioned Officers). The boys are trained for 3 months by an officer. After the test these boys are enrolled to Lanee - Corporal, Corporal, Sargeant or staff - sargeant. The N.C.O.'s teach the boys to drill and march. This attracts other boys to the B.B. To see us marching on the streets in our uniforms. Another great attraction is camp. Every boy loves to go to camp. Camp can be for two good reasons in the B.B. For training - Training Camp and for pleasure - pleasure camp. During a pleasure camp the boys have it easy. All the work is been done for them and they go to bed and wake up when they want. But at a training camp the boys do all the work and go to bed late and wake up early or they don't sleep at all.
During a training camp the boys do all kind of badge works. And, here too, some boys are trained to be N.C.O.'s. The badges are as follows; drill badge, expedition badge, first aid badge, and sports man badge. Every boy has the opportunity to obtian these badges. And now you too have that opportunity just dropp in on us, on a Wednesday afternoon.

Fernando Clark.
